

Nå er det nok!

Hotell- og restaurantansatte streiker

NHO Reiseliv nekter oss det samme som andre har fått i sine lønnsoppgjør.

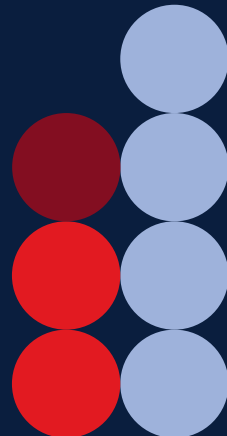

Vi krever:

- Økt kjøpekraft
- Forskuttering av sykepenger

Ansatte i hotell, restaurant, kantine og reiseliv er blant de lavest lønte i Norge. Vi har de samme regninger å betale som alle andre. Derfor må lønna opp, for at hverdagen skal gå i hop.

Enough is enough!

Hotel- and restaurant workers are on strike!

NHO Reiseliv is refusing to give us what others have already secured in their wage negotiations.

We demand:

- Increased wages
- Advance payment of sick pay

Employees in hotels and restaurants are among the lowest paid in Norway. We have the same bills to pay as everyone else. That is why wages must increase, so that people can make ends meet.
